LUCCIA S flare with energy case and tripod: distributed by MMF Protection et

Sécurité

MMF Protection et Sécurité offers you a complete pack, combining the **LUCCIA S flare**, an **energy case portable** and a **sturdy tripod**. This trio guarantees powerful, self-contained and easily transportable lighting, ideal for worksites, events or emergency interventions.

LUCCIA S flares: powerful and compact

The **LUCCIA S** is an LED flare designed to provide even, high-performance light in all situations.

- **Illuminated area:** up to **700 m²**, ideal for large work areas.
- **Light output:** Powerful **18,000 lumens**, without glare or shadows.
- **Mobility:** Lightweight at **3 kg**, for easy transport and installation.
- **Versatility:** Operates on mains power or a **self-contained power pack**.
- **Durability:** Weatherproof to **IP54**.

Energy case portable: The ideal power supply for the LUCCIA S

The **ENERGY 1461Wh case**, distributed by **MMF Protection et Sécurité** offers a reliable, self-contained power solution for your lighting equipment.

- **Continuous power:** **1500VA**, peaking at **3000VA** for demanding equipment.
- **Extended autonomy:** Perfect for extended use on sites without electricity.
- **Multiple connectivity:** 2 220V sockets, USB ports and 12V output for great flexibility.
- **Fast recharging:** Fully recharged in less than **4 hours** via mains or cigarette lighter.
- **Easy transport:** Compact dimensions and light weight of **13.2 kg**.

Sturdy tripod: stable and adaptable to any terrain

The tripod supplied in this pack has been designed to guarantee stable, efficient installation.

- **Maximum height:** Up to **325 cm**, for optimum light coverage.
- **Maximum load:** Supports up to **6.7 kg**, perfectly suited to the LUCCIA S.
- **Convenient transport:** Folds to just **122 cm**, easy to store and move.
- **Enhanced stability:** Double-pronged spacer for secure attachment, even on uneven terrain.

Why choose the LUCCIA S package from MMF Protection et Sécurité?

1. **Turnkey professional lighting:** This pack combines high-performance LED lighting, an autonomous power supply and a stable stand.
2. **Economical and eco-friendly:** Low-energy LED technologies and a long-lasting battery for extended use.
3. **Reliable and robust:** Resistant materials for demanding environments.
4. **Quality service:** When you choose **MMF Protection et Sécurité** you benefit from recognized expertise and dedicated technical support.

LUCCIA S pack applications

- **Construction sites:** Improve safety and productivity with reliable lighting, even in isolated areas.
- **Events:** Create an even, pleasant lighting atmosphere for your receptions, weddings or festivals.
- **Emergency response:** Ensure fast, efficient lighting in critical situations or disaster zones.
