Support R.I.A fixe

### Armed Fire Valve Bracket (R.I.A.) - Floor mounting

Optimize fire safety with our **R.I.A. bracket**, designed for stable, reliable floor mounting in the absence of load-bearing walls. Thanks to its **compact size**, this bracket allows compact, efficient installation of your **fire hydrant (DN 19, 25 and 33, fixed or swiveling)**.

#### Bracket features R.I.A.

- . **Robust material:** electro-galvanized steel bracket for optimum strength.
- . **Floor mounting:** three Ø 17 mm holes for secure anchoring.
- . **Red epoxy polyester paint:** durable, high-visibility finish.
- . **Easy installation:** supplied with screws and bolts for quick fixing.
- . **Universal compatibility:** mounting center distance R.I.A. 90 mm x 130 mm.
