Halligan ZAK TOOL - Ultra-versatile rescue tool, black

The Halligan ZAK TOOL tactical is a rescue and intervention tool designed for law enforcement and security professionals. Ideal for entering premises, buildings or vehicles, or for extricating victims, this **versatile tool** features innovative tips, **optimized design** and **exceptional strength**. Whether lifting, digging, pulling, puncturing, lifting, hooking or clearing, the Halligan ZAK TOOL **meets the most demanding** emergency response **needs**.

Features:

- **Innovative tips:** Two uniquely designed bits for a multitude of functions: drilling, pulling, lifting, releasing, hooking, etc.
- **High-quality materials:** Made from hardened stainless steel reinforced by a patented heat treatment, ensuring optimum strength and long service life.
- **Handle insulation:** Insulated handle to protect against heat, ideal for use in hot environments or during fires.
- **Tactical black color**

Weight and Dimensions:

- **Length:** 76 cm
- **Weight:** 4.3 kg
- **Ergonomics:** Perfect, stable grip, even when wearing gloves. Optimum balance ensures long-term comfort.
- **Exceptional strength:** The Halligan ZAK TOOL is virtually unbreakable, thanks to its reinforced, wear-resistant design.

Benefits :

- **Maximum versatility:** Thanks to its multiple tips and robust design, the Halligan ZAK TOOL offers exceptional response capability, suitable for a wide range of emergency situations.
- **User-friendliness:** Its perfect balance and ergonomic design ensure a stable and secure grip, even in the most difficult conditions, with or without gloves.
- **Enhanced safety:** The insulated handle means you can work safely in hot environments or those exposed to electrical hazards, guaranteeing increased protection for professionals.
- **Durability and resistance:** Thanks to its heat-treated stainless steel, this tool is virtually unbreakable,

offering unfailing durability and resistance to extreme conditions.

- **Ease of transport and handling:** Lightweight and compact, the Halligan ZAK TOOL is easy to carry and use in all circumstances.

Applications :

The Halligan ZAK TOOL is an essential tool for rescue services, firefighters, police officers and all emergency responders.

It enables :

Enter buildings or vehicles: Thanks to its specially designed tips, it can open doors or windows quickly and efficiently, even in the most complex situations.

Clearing victims: The tool is perfect for freeing victims from rubble, lifting or moving heavy objects, or clearing access routes.

A wide range of tasks: Whether drilling into hard surfaces, lifting heavy materials or picking locks, the Halligan ZAK TOOL is designed to meet the demands of a wide range of rescue operations.

Working in extreme environments: The insulated handle and sturdy material make it possible to work in difficult conditions, such as hot environments, disaster zones, or situations where safety is paramount.

The Halligan ZAK TOOL is the **rescue tool par excellence** for professionals who demand **performance, reliability and versatility**. Its **innovative design**, rugged **sturdiness** and **ease of use** make it a must-have for emergency response. Whether you're a firefighter, policeman or any other field worker, the Halligan ZAK TOOL will enable you to carry out your missions **safely and efficiently**, while guaranteeing optimum durability.
