

## Replacement head with mast for RALS 9430 C - 9434C

### Product features:

Power category: Up to 3000 lumens

Lighting mode: High - Low - Flashing

Waterproofing: IP54

Autonomie.: 8h autonomy - 15h autonomy

POIDS.: 1.5 kg

Dimensions.: Head: 16.5 x 20 x 6.5 cm

Reference: 38691

EAN13: -

## Lighting head and mast for Peli™ RALS 9434B floodlight

The Peli™ RALS 9434B floodlight head and mast are accessories specially designed for the second and third generation Peli™ RALS 9430B and 9430C area lighting floodlights. These floodlights, easily identified by their black external connectors, are perfectly compatible with the Peli™ RALS 9434B head, offering a high-performance, long-lasting lighting solution. Thanks to its robust design and state-of-the-art LED technology, this lighting head is the ideal tool for professional applications requiring intense brightness and increased resistance to shock and weather.

### Features

- **Compatible model:** Peli™ RALS 9430B / 9430C (2nd and 3rd generation).
- **LED technology:** 6 latest-generation LEDs.
- **Light output**
  - 3,000 lumens for 8-hour runtime.
  - 1,500 lumens for 15-hour runtime.
- **Lighting modes:** low, high, flashing.
- **Materials**
  - Unbreakable ABS body for maximum impact resistance.
  - Polycarbonate lens, scratch- and impact-resistant.
- **Rotation:** 360° rotation for lighting flexibility.

- **Protection rating:** IP54, guaranteeing protection against dust and water splashes.
- **Extendable mast:** Up to 82 cm high.
- **Maintenance:** Maintenance-free, with LED life of 50,000 hours.
- **Dimensions:** 16.5 x 20 x 6.5 cm.
- **Total weight:** 1.5 kg.

## Advantages of a Peli™ floodlight head and mast:

- **High lighting performance:** With a light output of 3,000 lumens and extended autonomy, this light head is ideal for professional conditions of use, such as working at night or in low-visibility environments.
- **Robustness and durability:** its unbreakable ABS body and polycarbonate lens ensure long life, even in the toughest environments. It is designed to withstand impacts and extreme weather conditions.
- **Modularity and flexibility:** thanks to its 360° rotation and extendable mast, the light head can be adjusted to meet specific area lighting requirements.
- **Ease of use:** Maintenance-free, with a 50,000-hour service life for extended, worry-free use.
- **Weatherproof protection:** The IP54 protection rating guarantees protection against dust and splashes, enabling outdoor use in harsh conditions.

## Use:

The Peli™ RALS 9434B floodlight head and mast are ideal for professionals who require a powerful, reliable light source in a variety of environments. Whether for security, night work, or on missions in low-visibility areas, this solution is perfect for firefighters, rescue teams, or any other sector requiring robust, long-lasting lighting conditions.

The Peli™ RALS 9434B floodlight head and mast is a premium accessory for Peli™ RALS 9430B and 9430C floodlights, offering intense brightness, impact and weather resistance, and unrivalled ease of use. Suitable for demanding professionals, it is an optimal solution for maximum lighting performance in extreme conditions. Once installed, it ensures exceptional reliability and longevity thanks to advanced LED technology and robust design.
