Foam: No foam

Peli MC Protector cases - The reference since 1976 for the protection of sensitive equipment.

For over 45 years, *Peli™ Protector* cases have been the essential solution for protecting your valuable equipment, whatever the environment. Designed to withstand the most extreme conditions - from polar cold to desert heat - these cases are used by professionals worldwide in the most demanding fields.

Made in the **USA** from top-quality materials, Peli cases offer unrivalled safety thanks to their waterproof, shockproof and dustproof design. Whether for professional or personal use, the sturdiness of Peli cases is a guarantee of peace of mind.

Technical features :

- **Robust construction** with high-performance polymer structure
- **Totally water- and dust-tight** thanks to O-ring seal
- **Shock resistance** even in extreme conditions
- **Automatic drain valve**: balances internal pressure and prevents moisture from entering
- **4 sturdy polyurethane castors** (Ø 5.3 cm) with stainless steel ball bearings
- **Overmolded rubber folding handles** for optimum comfort

- **Retractable handle** for easy transport
- **Easy-opening double-turn locks** for quick access
- **Reinforced corners** for enhanced durability
- **Pick N Pluck™ interior system**: 3 layers of pre-cut foam and foam for the lid
- **Stackable** for easy storage
- **Stainless steel padlock guards** for enhanced security

Benefits:

- **Maximum protection** for your equipment against impact, water, dust and pressure variations
- **Proven reliability** in the most hostile conditions, from military terrain to scientific expeditions
- **Exceptional durability**: a long-term investment
- **Easy transport** thanks to sturdy wheels and retractable handle
- **Modular interior** to accommodate all types of fragile or electronic equipment

Use:

The Peli™ case is ideal for :

- **Secure transport of electronic** or photographic **equipment**
- **Field missions**, even in extreme environments
- **Long-term storage** of fragile equipment
- Defense, research, audiovisual or industrial professionals
- Anyone wishing to protect their valuables

Choose the **Peli™ protective case**, the absolute reference in protection since 1976. Its intelligent, ultra-resistant design guarantees reliable, long-lasting protection, even in the most extreme conditions.
